Yes, for the people that have the later flight we can stay until 4 pm. Attached are the slides for tomorrow. Agenda looks good. See you tomorrow.

Would you all be willing to meet until 4?

That would still leave plenty of time to get to the Airport.

Attached are some suggested edits for the agenda. We are thinking of re-shuffling some of the items and modifying the times. We would suggest putting the RACT discussion last, just in case we run out of time. Also, Dr. Fine will be leaving at about 2:00 PM so we wanted to make sure we covered the other items before he left.
